FROM THE DESK OF...

Dr. Chad Garber, Superintendent

Hello, fellow Raiders! And welcome to School Year 2023-2024 here at Williamsburg Schools. Whether you're reading this as current Raider family, future Raider family, or a prospective Raider family, I hope you find the information in this year's School Reporter to be helpful, welcoming, and easy to use.

You may have heard in the news that across the country there is some debate about the concept of "school choice," or you may have even visited with your neighbor or a member of your family about the topic at some time or another. As I thought about the message I wanted to share in this space in my welcome to you, I decided to write just a bit about my perspective on school choice as the person who gets to be the superintendent here at Williamsburg Schools. And that perspective is this: At Williamsburg Schools, we want to earn the privilege of being your choice.

With that said, I completely understand that we can't be everything to all families, and that's okay. But I do want to share with you the kinds of opportunities, options, and choices that you have available to you at Williamsburg Schools as we hope to remain the choice that you get to make when it comes to educating your children. Let's talk a bit about the options available to you and your family as Raiders!

One option provided by the district is an **in-person, "traditional," PK-12th grade experience**. Many of you know this option well. It's an 8:15 to 3:15 or so day, with teachers that are hired by Williamsburg Community Schools and licensed by the State of Iowa. You will find that we expect teachers to

collaborate—to meet together, analyze how students are doing, and then plan together how they can best meet the needs of our students. Those kinds of conversations happen at grade levels, as well as in content areas. Each student has access to a device like an iPad, a Chromebook, or a MacBook, AND we still use textbooks, books, and other non-technology-based materials, as well, of course. Are we still learning as a teaching system? We are, and as kids change, we know we need to continue to grow and adapt, as well. We welcome all learners, whether they need more support in some area or more challenge in another, or fit somewhere in between. And we have an outstanding team of staff members, some of whom have 30+ years experience while some are recent college graduates, many who have Masters degrees, some who were born and raised in Williamsburg and others who grew up in Iowa or even well beyond our State's borders.

And with that "traditional" public school experience comes special education support, extended learning programming (or what you might think of as talented and gifted), English-language learner support, physical education options, vocal and instrumental music, drama, athletics, clubs like shooting sports or robotics or art or sign language (among many others), support for students who may be at-risk of falling behind, access to special support from Grant Wood AEA, field trips, agriculture education, career and technical education opportunities that include apprenticeships and hands on learning in shops with modern industry technology, courses that blend content areas together to establish practical learning experiences (think about blending geometry and

construction, for example), Advanced Placement classes (AP), college credit courses through Kirkwood, pre-school, and the list goes on. It takes quite a team to make it all happen, starting with the driver who picks up your child at the end of the driveway to the cook who makes breakfast and lunch, to the teacher and associate and nurse and secretary who look after your child—our Raiders—all day—to the custodian who puts the building back together and gets it ready for the very next day. And we have a great team to do all that.

Even within the structure of a traditional experience, **Williamsburg High School offers alternative pathways to graduation** that might include adjusted coursework, a different daily schedule than 8:30-3:30, or some other modification, with lots of support from members of our "success center" team. When life circumstances challenge the typical daily schedule in our school building, Williamsburg Schools has some flexibility to match the education with those complicated life circumstances.

Another option available to families inside and outside of our district is **open enrollment**, and many families take advantage of this opportunity. In Williamsburg, the gap between the number of students open enrolled IN to our district (they live in another school district, but attend Williamsburg) and those open enrolled OUT is widening. Last year, 120 full-time students lived in another district, but attended school in Williamsburg, while only 53 full-time students lived in Williamsburg, but attended a school somewhere else. Open-enrolling IN (or OUT) requires families to complete a request form, provided by the State, to be submitted to the school district

and considered by the Board. Not all open enrollment requests are approved; in cases where students have particular needs that we're not able to meet because of staffing levels or enrollment, it can be denied. Open enrolled students get the same types of service, opportunity, and attention as students who live in our district. Transportation is also available: open enrolled IN students may drive into our district, and/or ride a Williamsburg school bus from another bus stop inside our district boundaries. Again, open enrollment is another choice that families have, and our families who choose to open enroll IN to Williamsburg Schools have access to the same educational experiences that our resident families do.

A third option is the **Williamsburg Schools Virtual Academy**. We partner with Pearson Education to provide a learning experience that allows students to access their learning from home or while traveling or being a part of a family business. Teachers in the virtual academy are not directly hired by Williamsburg Schools, but rather hired by Pearson. Learning experiences varies depending on the age of the student, but the school day includes face-to-face instruction with a "live" teacher done virtually (like a video call) and includes interaction with other students, it includes some independent work, and it includes some engagement in pre-recorded lessons, as well. The course work is challenging, and it requires support from a family or caregiver in most cases to be successful. Is it a health issue that prevents students from regularly attending a traditional setting? Or is it a special talent that a student has that requires travel or really intensive training? We offer a virtual academy for those very

reasons. It isn't an option for everyone, but when life's circumstances present a challenge, virtual learning is one option that can be considered and is offered by Williamsburg Community Schools.

Some families in the Williamsburg area have found that **homeschooling** is an option that best fits their needs and values. In Williamsburg, we have an established agreement with Mid-Prairie Schools to access the Mid-Prairie Home School Assistance Program, widely known as one of the best home school assistance programs in the area. As a result of this agreement, **Williamsburg residents are able to access the home school support provided by the Mid-Prairie system while still retaining many of the advantages of attending Williamsburg Schools, including part time attendance in our school buildings, college courses through Kirkwood, and participation in extracurricular activities on Raider teams and in Raider organizations.**

Homeschooling isn't for everyone, but for Williamsburg families who are looking for that opportunity, while still maintaining some connection to Williamsburg's public school, our agreement with Mid-Prairie Schools is one option.

And another of the beauties of Williamsburg is that in addition to the choices you have available at the public school, we have a great partnership with Lutheran Interparish School (LIS) here in town, and with Williamsburg Community Pre-school as well. Again we know we can't meet every need of every family. When your values or priorities call for something different than the options available in our school, know that other options exist, as well.

If you'd like to visit more about Williamsburg Schools, feel free to reach out by phone (319-461-7484 or 319-668-1059) or stop by my office at the jr/sr high school for a visit. And don't forget about The Raider Reader (<https://williamsburgraiderreader.blogspot.com/>), yet another resource to keep in touch with your school.

Of course, I can't fully describe every Williamsburg Schools' option available to families. My message to you as we start the coming school year? We want to work to be your choice for educating your children, and we're grateful for the opportunity to be your partner. I wish you well this school year, and as always, Go Raiders!

OPEN HOUSE

We will host an open house night on Tuesday, August 15, from 4:00-6:00 p.m. for all students to meet teachers, visit classrooms and familiarize themselves with their class schedule. Students new to the building, grades 9-12, will be matched with a WHS student to show them around.

STAFF DEVELOPMENT

The Williamsburg Jr./Sr. High School staff will continue developing common formative assessments to provide feedback to students sooner. The staff will work with the Danielson Instructional Framework to improve instruction in the classroom.

RAIDER PROMISE

Our Raider Promise site (www.raiderpromise.com) communicates the priority standards and proficiency scales for every course offered at the Jr./Sr. High School. The proficiency scales provide the learning targets used to reach proficiency. We hope to use this site also to communicate multimedia used in instruction.

W.I.N. PROGRAM (WHAT I NEED):

W.I.N. is an after-school session for students not completing prep/practice or reassessing priority standards. All students can work on prep/practice during WIN time in the LMC. All WHS teachers will work with students to successfully complete all prep/practice. If a teacher is unsuccessful in working with the student, the teachers will give the administration names of students for the WIN program. A student is expected to attend WIN from Monday-Thursday or until all prep/practice is completed. If a student misses WIN, he/she will owe an

hour of detention for each hour missed. The administration is willing to help with transportation if necessary.

DAILY ANNOUNCEMENTS/ COMMUNICATION

Daily announcements are found on the WHS website. These announcements are updated daily by 9:30 a.m. WHS will communicate information to students through announcements and the school-provided email. Students are expected to check their email daily. WHS will communicate information to parents through the website, daily announcements, Infinite Campus, and report cards. Ms. O'Connor will also continue to send weekly emails to parents. Please ensure that when registering, that email is updated on Infinite Campus to receive weekly emails. If families have additional email addresses for grandparents who want to receive emails, please contact Ms. O'Connor.

COLLEGE COURSES

Students can earn credit through Kirkwood Community College and other institutions through Senior Plus Legislation. WHS has sixteen courses taught at the high school for college credit. Students may also sign up for online courses through Kirkwood Community College. Students who wish to take these courses must meet all guidelines to enroll.

Michael Jepson, Associate Principal

INTRODUCTION

My name is Michael Jepson and I help serve the students, families, and staff of Williamsburg Junior/Senior High School as the Assistant Principal. The 2023-24 school year will be my 27th year as an educator, all in the Williamsburg Community School District. I am passionate about leadership, building positive relationships, continuous improvement, and empowering and making a difference in the lives of others. I believe that open and honest communication is the key to success! Please reach out to me if you have any questions or concerns. Let's have a great year!

ATTENDANCE

The staff at Williamsburg Schools believe that regular attendance is an essential part of academic success for any student. Since the pandemic in March of 2020, our school district attendance data shows a significant increase in students who are missing more than ten school days in an academic year. We are also observing a greater number of students who are identified by the federal and state governments as having "chronic absenteeism," missing ten percent of the academic year (more than 18 days). Chronic absenteeism creates gaps in a student's education and increases the difficulty in keeping pace with classroom expectations.

Holding our students accountable is imperative not only for academic success, but also to build employability skills for their future. Attendance is the responsibility of the parents, students, and the school system. **It is vital that good, honest communication exists between ALL parties.** Please let me know if I can be of assistance regarding any matter that is affecting your child's attendance and academic success.

CHAT GPT

This past spring I had a learning experience about a new artificial intelligence tool called CHATGPT. I began to ask myself many questions. What is this? How does it work? How will this possibly change education? The best way to learn about something is to dive in, read, and explore how this technology works.

CHATGPT takes conversational questions and creates detailed explanations which are dependent upon the question asked. I asked CHATGPT, "Explain the factors which led to Napoleon's fall from power?" within

seconds I received six detailed reasons with an introductory and concluding paragraph. I was truly amazed at what I received. I was excited at the moment thinking that this could be another great tool to help learning, but the key will be having our students use this tool correctly.

What students need to understand is that CHATGPT has some limitations. The tool may do any of the following:

- Provide misleading information
- Provide offensive and biased content
- May generate incorrect information

As we move forward, as an educational system, we must embrace the positives of these technological advancements and teach our students how to use them appropriately. Students need to understand that having academic integrity is essential to their own learning. Breakdowns in academic integrity have consequences, and the severity of these consequences increase at each level of education. I encourage you as parents and guardians to explore this new technology to gain an understanding so you can better support your student's education.

WHS ACADEMIC INTEGRITY POLICY

Teachers and administrators at WHS understand the pressure to get good grades, get to an after-school job, help out at home, and participating in activities can create an incentive to take short cuts that impact learning and our ability to measure how much learning has occurred. One of those shortcuts is cheating. However, we firmly believe that cheating and plagiarism are serious violations that undermine learning, disguise competence, and tear down ethical behavior. This conduct prohibits both teachers and students from knowing a student's true skill and understanding of content; furthermore, it breaks down the trust that is vital to any community.

DEFINITION

Having academic integrity means valuing and demonstrating:

- Intellectual honesty
- Personal Truthfulness
- Learning for its own sake
- The creation and opinions of others (i.e., intellectual property)

You are acting with academic integrity to the extent that you demonstrate these values, and in particular when you:

- Take full responsibility for your work, and give full credit to others who have helped you or influenced you, or whose work you have incorporated into your own.
- Represent your own work honestly and accurately.
- Collaborate with other students only as specifically directed and authorized.
- Report breaches of academic integrity to a teacher, counselor, or administrator

STUDENT SUPPORTS SYSTEMS

Williamsburg Jr/Sr High uses Multi-Tiered Systems of Support (MTSS) to work with students and their families on academic and behavioral concerns. We are very proud of the many supports and interventions that are in place to help your student succeed. Listed below are just a few of the supports that are in place or are developing to serve your student.

Impact Team- A group of specialists that meet weekly to discuss and analyze student data to identify student academic and behavioral needs
Licensed Mental Health Counselor (LMHC)- Danielle McWilliams, LMHC, NCC, will continue to support our students during the 2023-24 school year. If your student is needing her assistance or you have questions, please contact the high school office 668-1050 or email her at daniellemcwilliams@williamsburg.k12.ia.us

Professional Learning Community (PLC)- Collaborative learning teams that meet at least weekly throughout the year to share ideas to enhance teaching practices and identify needs to allow students to reach their full potential.

RAIDER PROMISE- Students and families can use the RAIDER PROMISE tool to view student learning expectations for every class taught at WHS. Visit the RAIDER PROMISE on our website.

Seminar- A daily opportunity to participate in academic interventions or extension activities provided by all teachers targeted to student needs.

What I Need (W.I.N) - A commitment to work with students after school for those who are falling behind with classroom work and to provide additional academic support (please review your email regarding teachers requesting your student to attend W.I.N after school).

COLLECTIVE COMMITMENTS

Our staff has dedicated time and energy to developing collective commitments that ground us in our practice and inform our decision-making.

At Mary Welsh Elementary, we are committed to:

- Providing engaging and differentiated instruction for every student.
- Being a welcoming, supportive, trusting, and collaborative school.
- Addressing the whole child through social-emotional learning by teaching self-regulation strategies while developing a strong character.
- Communicating clear learning objectives using student-friendly "I Can" statements and proficiency scales.
- Collaborating and supporting each other in developing instructional strategies, assessments, and effective interventions to ensure student learning.

- Using effective and efficient research-based educational strategies for learning and goal setting.
- Providing consistent, specific, and timely feedback to students, which encourages students to be reflective about their learning.
- Communicating student progress with families in a consistent and timely manner.
- Using student performance data to drive instruction.
- Communicating a love for learning and modeling positive characteristics that instill kindness, empathy, integrity, effort, and respect.

We believe students who feel valued, supported, and safe will strive to reach their highest academic, behavioral, and social-emotional potential.

RAIDERPROMISE.COM

You might hear staff members talk about proficiency scales or priority standards. That's really just our language for saying, "It's really important that WE know what we want kids to learn and that KIDS know what we want them to learn". RaiderPromise is a website where you can be a part of that conversation as we believe that we all achieve at our highest when we are transparent about what we want students to know and be able to do. We invite you to visit www.raiderpromise.com and explore the skills and knowledge that we prioritize to ensure that every student learns and grows at Mary Welsh Elementary. You can check out your student's grade level or specials page to learn more.

FAMILY HANDBOOKS

Part of the work we do in helping students and families feel safe and know that they belong is to establish routines and practices. If you ever wonder about how we do things, our handbook is a good place to start as it is a great source of general information for Mary Welsh students and families. Family Handbooks are available at registration, in the front office, and at our Open House Night. They will also be updated and made available on our school website.

SOCIAL-EMOTIONAL/ BEHAVIORAL (SEBH) SUPPORTS

Iowa has a Multi-Tiered Systems of Support (MTSS) approach to identifying and providing various levels of services to meet student needs. We have expanded the resources and supports available to qualifying students and their families this past year, which included the addition of an onsite mental health therapist, Danielle McWilliams, and the establishment of a Therapeutic Classroom led by Jennifer McKinney and Kelley De Long. We will continue to use Positive Behavior Interventions and Supports (PBIS) to provide a consistent, safe, and positive school environment. We believe that we can positively reinforce desired behaviors by acknowledging and celebrating when students follow building expectations. This is also a way for us to build meaningful relationships and provide extra support when students need it. "Raider Ready", with three fingers held up, refers to students being respectful, responsible, and safe. Using this phrase and gesture is a great way for the school and your family to partner together.

BUILDING A POSITIVE SCHOOL ENVIRONMENT FOR ALL

Bullying and harassment are an ongoing challenge both in schools and in our society. We are committed to providing a positive, supportive, and welcoming learning environment for every student and every staff member no matter their background or differences. Students come to school to learn and should be able to focus on their learning. Students and staff should expect to be treated with dignity and respect at all times. Williamsburg Schools and Mary Welsh Elementary have a process that follows best practices outlined by the Iowa Department of Education in responding to and distinguishing between issues of bullying and harassment. This starts with reporting. Students and parents that witness bullying or harassing behaviors share in the collective responsibility of reporting that behavior to a school administrator or any staff member. This can be done anonymously through the Safe Schools Alert app, by reporting directly to a principal or trusted adult in the building, or by filing a complaint form that we can provide you. Truly, it takes a community approach to eliminate bullying or harassing behaviors. Please, if you believe your student or any student is being bullied or harassed, contact us as soon as possible. We work hard to build a positive school community and connect students with others and our staff. This past year, we began holding "Raider Rallies" or multigrade-level groups that meet once a month to support each other, connect across grades, and gain shared experiences to better know one another.

COLLABORATION AND SCHEDULE OFFERINGS

Our goal is to maintain a schedule that best reflects the collective commitments, needs, and goals of Mary Welsh Elementary as we serve our community. We believe we get better through teaming and collaboration. In order to make that possible, it is necessary to create space in our daily schedule for common planning time for our many different teams of teachers. This time will allow teachers regular opportunities to look at data together and best determine how to instruct students. Our schedule includes:

- We have targeted instruction time built into the school day and reading intervention support available for students at-risk in literacy for grades K-6th. Literacy skills are fundamental to student success in all areas of learning.
- This year we will also have targeted instruction time in the schedule specifically for math in order to support students K-6th.
- A breadth of experiences through a rotation of four specials (Art, Physical Education, Media, and Music) that every student K-6 will have on a regular rotation.
- Students will have access to a school counselor and therapeutic classroom staff through Social-Emotional Learning (SEL) lessons on a weekly basis.
- Morning and Afternoon Recesses. We know that kids learn a lot through play during recess. We provide active adult supervision to keep kids safe and to help them, when they need it, to problem solve, to help a friend, or to use a strategy to help them keep calm in a stressful situation.

Should **weather conditions warrant either an early dismissal of school or a delay in the start of school**, said announcement will **always be made over KCRG channel 9 TV** when possible. These stations will be informed as soon as a decision is reached. A number of telephone calls must be made, so, unless there is an emergency, please rely on the radio and television stations for the report. ***School and Bus Delays will be two hours.***

We certainly realize that with the working patterns of parents, early school dismissal creates some serious problems and we will only take that action if, in our judgment, weather conditions warrant. Should school not be in session at all due to weather conditions and should those conditions improve during the day, practices or rehearsals may be held for those students who can attend when permission is granted by the administration.

If school is closed due to weather conditions on a day when a scheduled evening activity is slated, it will be the decision of the administration, in consultation with the other school involved, to decide whether the event will be held as scheduled.

SOME INDIVIDUAL PLANS TO CONSIDER

1. **If and when school is dismissed early, will anyone likely be home?** If not, is a relative, a neighbor, or a friend willing to help? Make plans thoroughly and inform everyone involved of those plans. Be sure the student knows what he/she is to do.
2. In town, if a child lives a long distance from school and is in the lower grades, arrangements might be made with a friend living enroute as a "stop-off" place. Make sure parent/guardian is notified if the child stops.
3. In the country, some people with long lanes have asked a neighbor up the road to call them when the bus is coming so they can meet their child. Make arrangements as needed.
4. ***Dress students for cold and bad weather.*** Should there be a bus breakdown or a bus gets stuck, proper clothing could be a critical matter. Let's make overshoes the "in" thing when the weather is bad.

THE WILLIAMSBURG COMMUNITY SCHOOL DISTRICT

USE OF SCHOOL FACILITIES

Williamsburg Board Policy 1004.4 allows for the use or rental of the School District's facilities. A schedule of fees has been established for educational youth groups, civic organizations, school booster organizations, commercial organizations, or individuals who wish to rent/use classrooms, gymnasiums, kitchens, auditorium, library or the swimming pool. Rental fees for these areas do not include custodial or cook supervision which may be required. Organizations or groups interested in using the District's facilities should contact the High School Director of Facility Usage.

APPROPRIATE USE REGULATIONS POLICY 605.6

Internet and local area network access is available to junior and senior high school students in their classrooms and in the Media Center. All Jr./Sr. High School students and their parents must read and sign the Internet-Appropriate Use before students are allowed to use school computers. Mary Welsh Elementary students may access the network and the Internet through their teacher and in the Media Center and computer labs. The District has developed a policy and supporting regulations so that all users of District computing facilities will be responsible and comply with state and federal regulations. A copy of this Board Policy is included in the "District Notifications and Publication" section of this School Reporter. The Board of Education approved the revised version in July 2012.

LIBRARY MEDIA CENTER

The Library Media Center (LMC) is an educational environment where students may access information, study and read. The LMC is open during the following hours: Monday-Friday, 8:00 a.m. – 4:00 p.m. Additional times will be announced. If students need access to the LMC other than the regular hours, they should make arrangements with the library staff.

A variety of materials is available in print and digital format and the LMC is equipped with computers connected to the local area network with Internet connection. The collection is accessible via an automated catalog & circulation system and online databases are accessible through the WHS web page in house and off campus through clever log in.

Following are the databases available through the Williamsburg Community Schools web page at www.williamsburg.k12.ia.us – Media Center – Jr./Sr. High School. NOTICE: Sharing the User IDs and/or passwords with unauthorized users could result in the District losing access to these products.

WILLIAMSBURG BOARD OF EDUCATION

The Williamsburg Community School District is under the direction of a five member Board of Education. All members are elected at large by the District's approximately 2,740 eligible voters. Members serve a four-year term.

By Board resolution, the monthly school board meetings are normally the second Wednesday of the month. Meetings are held in the Media Center located in the Jr/Sr High School building. All regular meetings are open to the public and a tentative agenda is posted prior to the meeting in each building plus copies sent to the news media who have registered with the Board. Anyone wishing to address the Board must make his/her request known to the Board Secretary, Cindy Gingerich, at least 24 hours prior to the scheduled meeting if s/he wishes to appear on the agenda. Current Board members are: President Quinn Wolfe, Kim Finn, Brooke Drahos, Jonathan Wuebker and Mark Armstrong.

The Board has set the following meeting dates for this school year:

2023	2024
July 12	January 10
August 16	February 13 (Tues)
September 13	March 12 (Tues)
October 11	April 10
November 8	May 8
December 13	June 12

All meetings dates are Wednesday, and all meetings begin at 6:30 p.m. As required by law, meetings of governmental bodies are held in open session and are normally conducted by Parliamentary Procedure. Iowa Code does allow governmental bodies to hold closed sessions for a very few specific reasons. By affirmative votes of two-thirds of a governmental body, an organization can hold a closed session for one of the allowed reasons. However, the vast majority of meetings are open meetings.

A regular monthly Board meeting is a meeting that is open and held in public. The elected members of the Board participate in the meeting and make decisions on all items listed on the agenda in the best interest

of the children of the District. Board members are representatives of the public. The audience does not participate in a meeting held in public unless scheduled on the agenda or are given permission to do so by the Board President.

In the Williamsburg Community School District, the following procedure is used for all School Board meetings, unless it is a public meeting or hearing. The President welcomes patrons to the meeting and asks that anyone who would like to speak on a specific item indicate the item that they would like to address. This is noted and when the items come up on the agenda, the individual is allowed to discuss the topic.

Individuals who would like to have a topic on the Board agenda need to contact the Superintendent well in advance of the meeting. The Superintendent can add the item to the Board agenda only if the individual has followed correct procedure for dealing with the matter.

In all matters, the individual should seek to resolve the matter with the staff member closest to the situation. If that is unsuccessful, the individual should take the matter to the staff member's supervisor. Ultimately, after following the chain of command of staff members to its conclusion, the matter should be taken to the Superintendent. If the matter cannot be resolved at this level, then it will become a Board item.

It is important to realize that concerns of any nature are best resolved by taking the concern to the staff member closest to the situation. Good communication is necessary to resolve any problem and our goal is to always accomplish this at every level.

We encourage patrons of the District to attend School Board meetings and to stay involved in education. The most valuable resource in our community is our children. We need to remain focused on that fact.

WILLIAMSBURG COMMUNITY SCHOOL DISTRICT

HARD SURFACE EMERGENCY ROUTES

Depending on weather or gravel road conditions, the school district may run its bus fleet on hard surface roads only. Buses will stop at regular route stops on the hard surface roads as well as at designated pick up points. Since the buses may not travel the gravel roads, parents will be asked to transport students to the designated stops. If it is impossible for parents to travel roads to a pick-up point, your child will not be counted absent from school that day.

Sheets detailing the pick-up points and approximate times for each bus route, along with the regular route, are to be picked up during registration. Television Station KCRG (Channel 9) morning news will be contacted concerning Emergency Route Notification. Information will also be available on our school website.

HIGHLY QUALIFIED PARENT NOTIFICATION

Parents/Guardians in the Williamsburg Community School District have the right to learn about the following qualifications of their child's teacher: state licensure requirements for grade level and content areas taught, the current licensing status of your child's teacher, and baccalaureate/graduate certification/degree. Parents/Guardians may request this information from the Office of the Superintendent by calling 319-668-1059.

The Williamsburg Community School District ensures that parents will be notified in writing if their child has been assigned, or been taught for four or more consecutive weeks by a teacher who is not considered highly qualified.

STUDENT INFORMATION

STUDENT FEES

The Williamsburg School District charges each student a "Book Rental Fee." This fee covers textbook rental, supplemental workbooks, locks for lockers, use of school swimsuits, and a clean towel for each physical education class taken at the Jr/Sr High School building. The fee also provides a clean towel each day for any student out for athletics at both the junior and senior high levels.

Students whose families meet the income guidelines for free and reduced price lunch, the Family Investment Program (FIP), Supplemental Security Income (SSI), transportation assistance under open enrollment, or who are in foster care are eligible to have their student fees waived or partially waived. Students whose families are experiencing a temporary financial difficulty may be eligible for a temporary waiver of student fees. Parents or students who believe they may qualify for temporary financial hardship should contact the high school secretary at registration time for a waiver form. This waiver does not carry over from year to year and must be completed annually.

ONLINE DRIVER EDUCATION IS BACK AGAIN THIS FALL!

Williamsburg HS will once again be offering driver education classes 100% online. Driving will take place before or after school or on the weekend. Drive times are wholly dependent on student scheduling. All drive times are chosen by the students and never assigned. Information for registration will be available when school begins in the fall with October as the expected start date for class/driving. Similar to last year, we plan on offering multiple class sessions throughout the school year and into the summer.

Drivers Education fee will be \$390.

SCHOOL PERMIT

How do I get a minor school license?

- Be at least 14 and a half years old.
- Complete an Iowa-approved driver education course.
- Have had an instruction permit and a clean driving record for at least six consecutive months immediately before applying for your minor school license.
- Live one mile or more from the school you are enrolled in, unless a special need exists. If you have more than one residence, where you live is the location you reside the majority of the time.
- You must have your school superintendent, principal, or school board chair AND your parent or guardian sign an Affidavit for School License (form 30021) available at any driver's license issuance site.
- Along with providing your completed Affidavit for School License, the driver's license station may require you to complete a drive test.

What can I do with this license?

- Drive without adult supervision from your home to your school or school sponsored activities using the most direct and accessible route. Activities must be within the school district you

are enrolled in.

- Drive to and from your home to the closest school bus stop between 5 a.m. and 10 p.m.
- Stop for fuel while on route or at the closest filling station off route.
- Drive at any time with adult supervision. Adult supervision means your parent, guardian, custodian, an immediate family member at least 21 years of age, a driver education instructor, or a person at least 25 years with written permission from your parent, guardian, or custodian. The supervising adult must possess a valid driver's license.

What can't I do with this license

- Use a cell phone, smartphone, tablet, or other electronic communication or entertainment device while driving. This doesn't apply to equipment permanently installed in your vehicle.
- Carry more than one minor passenger that is not a relative when driving without adult supervision. A relative means someone that is your brother, sister, step-brother, step-sister, or another minor living in your household.
- Drive to a school district you are not enrolled in for school or school-sponsored activities, even if your school has an athletic sharing agreement with that school district.
- Carry more passengers than the number of seat belts in your vehicle, even when driving with adult supervision.

SCHOOL MEALS

Williamsburg school cafeterias are meeting tough new federal nutrition standards, ensuring that all reimbursable meals are healthy, well-balanced, and provide students the nutrition they need to succeed in school.

A dining system program is used in all district buildings to monitor funds in each student's account. More information will be available during registration.

An application to participate in the federal free and reduced meal program is available, online on our website or at either school building.

We ask that completed applications be signed and submitted prior to the first day of classes if you want your application processed and the student allowed to participate starting the first day. Only complete applications will be accepted.

We are required to verify a certain percentage of the applications for accuracy of information submitted. You will be notified by letter if your application is selected for verification.

LUNCH

School lunch is an economical meal providing 1/3 of the student's daily nutritional needs. A minimum of five food items must be offered to meet this goal. Each meal must include milk, meat or meat alternate, whole grain, fruit, and vegetables.

STUDENT INFORMATION

Minimum portion sizes are established by grade groups.

Lunch Prices:

PK-3.....\$3.05	4-8.....\$3.15	9-12.....\$3.25

BREAKFAST

School breakfast is an economical meal providing $\frac{1}{4}$ of the student's daily nutritional needs. A minimum of three items must be offered to meet this goal. Each meal must include milk, fruit and wholegrain. Minimum portion sizes are established by grade groups.

Breakfast is available at the Jr./Sr. High School from 7:30 – 8:15, and at Mary Welsh Elementary from 7:45 – 8:20.

Breakfast Prices:

Families that qualify for the Free and Reduced Hot Lunch program, also qualify for the breakfast program.

A-LA-CARTE

A-la-carte choices are available during lunch and breakfast. Options at Mary Welsh Elementary are limited to extra items from the day's menu. During lunch, students in grades 4-6 may purchase extra servings of fruits, vegetables, breads, and entrée items. Additional options will be available at the Jr./Sr. High School, changing daily, and limited to availability. As required by the Healthy Kids Act, all a-la-carte items will fit into a nutritional profile that offers more whole grains and limits calories, fats, sugar, and sodium. There will always be a minimum of two fruits or vegetables from which to choose.

The student must have money in their account to purchase a-la-carte items. While balanced meals are always offered and encouraged, the students make their own selections from the a-la-carte offerings.

Families may access an online payment system. More information will be available at registration.

“OFFER VS. SERVE” PROGRAM

The Williamsburg Board of Education has approved the Offer vs. Serve Program for students in the Williamsburg Schools. The program allows students to choose a minimum of three of the five food components offered at lunch, and three of the four items offered at breakfast while still qualifying for a reimbursable meal. The purpose of the program is to help reduce the amount of food waste, while teaching students to take only those items they will consume. The following points are requirements of the Offer vs. Serve program:

- All required components must be offered.
- The meal must be priced as a unit, and it must be the same price as a regular meal.
- Each reimbursable meal must contain at least a planned serving of the minimum required number of items.
- Each breakfast must include at least a $\frac{1}{2}$ cup of fruit or fruit juice.

- Each lunch must include at least a $\frac{1}{2}$ cup of either fruit or vegetable, or enough of each to equal $\frac{1}{2}$ cup.

Students that choose to carry their phone may do so but the phone shall not be visible within the classrooms. Teachers are expected to confiscate cell phones that are in use,

Help Your School as a Volunteer

Becoming a school volunteer can be one of the most rewarding experiences in life. Sharing a special talent, reading a book to a kindergartner, helping an elementary student with reading, assisting the school librarian, helping to put up an interesting bulletin board for the classroom teacher, acting as a highway crossing guard to help children across a busy street/highway or intersection, and helping as a chaperone on a field trip are all ways that one can serve as a school volunteer. School volunteers enhance the effective use of teachers in the classroom, broaden the educational experience of our students, and generate greater community involvement and good will in our schools.

Volunteers are made up of parents, business people, retirees, high school students, and community organization members. People may volunteer regularly, on special occasions, or serve as special resource speakers.

If you would like to volunteer your time, abilities, or talents, simply call your principal's office.

ACTIVITIES + ACADEMICS = EDUCATIONAL EXCELLENCE

EXTRA-CURRICULAR ACTIVITIES ARE IMPORTANT

The interscholastic program in our local high school is an integral part of the overall secondary school program. Many refer to the interscholastic program as the “other half of education.” The benefits are many for the more than one-half of all high school students who are involved in high school activities.

1. Interscholastic Activity Programs require less than 1% of the total school budget.
2. Participating students have higher-grade averages than non-participants.
3. Participating students stay in school — they do not “drop out.”
4. Participating students have better attendance records.
5. An ACT self-study proves the best predictor for adult success to be high school activity participation.

The following extra-curricular programs are available:

PHYSICALS AND PRACTICE START DATES

All students participating in athletics must have a current physical, emergency release form, and concussion form on file at the school before they can start practice. We suggest that you get your physical during the summer. If you do not have your physical yet, you need to contract your doctor immediately to get an appointment. Physicals are good for one calendar year from the date of the examination. Emergency release forms and concussion forms are good for the current school year only. All three forms are available at the high school office and in the back of this Reporter. Junior high practice for volleyball, football and cross country will start the first day of school.

STUDENT ACTIVITY PROGRAM — BP 504.6

Participation in school activities is a privilege. School activities provide the benefits of promoting additional interests and ability in the students during their school years and for their lifetime. Any Williamsburg student, grades 7-12, who participates in school sponsored athletics may participate in a non-school sponsored sport during the **same season** provided the following stipulations are met:

- a. Student-athlete will make a written request to the head coach of that school for **approval** of non-school team participation.
- b. Head coach will bring written request to Athletic Director for final approval.
- c. A student-athlete shall not be allowed the use of school transportation, or be coached by volunteer or paid coaches of the Williamsburg School District.

Such outside participation shall not conflict with the school sponsored athletic activity.

PALS - (PARENTS AND LEADERS FOR STUDENTS)

WHO WE ARE - PALS is a non-profit organization made up of parents, teachers, administrators and community members. Since 1994, PALS has been raising money to promote and provide a wide-variety of opportunities for students at Mary Welsh. And while it's been nearly 30 years since our inception, there is no sign of us slowing down!!

WHEN WE MEET - Monthly meetings are held throughout the school year, on the second Monday of the month, at 6:30 p.m., in the Mary Welsh library. We have sub-committees and an executive board that meet outside of the general meetings so that we can keep our Monday night meetings short. We would LOVE to have you (and your interests, skills and talents) join PALS! PALS is open to any resident in the district. Want to check us out? Please come and JOIN US!

WHAT WE DO - PALS has one primary fundraiser each year: Family Fun Night! Family Fun Night is held in late March/early April. Families of ALL ages attend FFN for a fun-filled, action-packed night of carnival games, prize station, bouncy houses, face painting, special kids raffle, food and more! We believe in putting the "fun" in fundraising. In recent years, we've almost \$20,000 annually from Family Fun Night, which provides us with our general budget. Each year, \$10,000- 15,000 of our budget is used for recurring programs and projects held through the school year – Reading Month, "Building Better Readers" summer reading book giveaway, Raider Rallies PBIS events, Track and Field refreshments, the Mary Welsh yearbook, 1 st Day School Supply Kits, school equipment requests and teacher appreciation events. PALS also provides EACH grade with field trip funds and various classroom supplies so that parents do not have those expenses to worry about.

OUR INITIATIVES - PALS believes in the importance of promoting and raising funds for specific needs at Mary Welsh – areas where funding is needed that would normally not be part of the school district budget. In the past 5 years we have raised over \$60,000 for new playground equipment at Mary Welsh, an overhaul of the playground underground drainage and even purchased special "playground mulch." Our current funding initiatives revolve around literacy and in the future, we hope to build up our playgrounds to be handicap accessible.

FUNDRAISING - Some of our recent projects and purchases have included high tech projectors and sound systems for the Tornado Room and lunchroom, new risers for the music department, \$600 in much needed janitor tools, a water filter and ice maker for the teacher work room, a rock climbing wall for the gym, an electric binder and electric staplers for teachers, microscopes and slides, STEAM classroom equipment and document cameras. Past purchases include Smartboards, laptops, a laminator machine, musical instruments and art display boards. While our main and primary fundraiser is Family Fun Night, PALS also participates in various "passive fundraising" programs – opportunities for Mary Welsh families and the community to raise funds simply by shopping. These programs include: Scrip gift cards, Brothers Market Receipts program and our popular Elite webstores featuring Mary Welsh and Raider apparel.

We recently updated our organization's Bylaw and will be holding officer elections prior 2023- 2024 school year.

Find us on Facebook at Williamsburg PALS (Parents and Leaders for Students), visit our website at www.wburgpals.org or email us at pals@williamsburg.k12.va.us. Thank you for your ongoing support!

During the past school year, the club provided thousands in support to the school's extra-curricular activities. We need your help making sure that the support continues. Please consider becoming a sponsor for the upcoming school year.

You can find a copy of our sponsorship form on the school's website. You are also invited to become a member of the booster club board – new ideas are always needed. BUS TRANSPORTATION

The following is a brief overview of transportation policies and procedures. Please pick up your bus schedules at registration. If you have questions, please call the Transportation Director at 319-668-1050.

Transportation Eligibility

Generally, transportation is not provided for students who live less than one mile from the school. The Transportation Department develops bus routes annually to meet state requirements and to provide efficiency in use of district resources. With careful consideration to allocation of transportation resources for all students, the District will pick-up and/or drop-off students at their resident address or at a nearest district determined bus stop. We do offer shuttles to and from various locations including Kind Care, the Lutheran school, the 1854 First Square Park, and the Presbyterian Church.

The following criteria is considered for an exception to the resident address or district bus stop by the Transportation Department:

- Distance from the school
- Existing stop on student's current route
- Student attends a registered day care
- Stop on a current route with bus pass from the student's attendance center not to exceed five (5) days
- Special circumstance with Transportation Director or Superintendent approval.

Students in grades K to 6 living more than two miles from their designated school attendance centers and students in grades 7 to 12 living more than three miles from their designated attendance center are entitled to transportation to and from their attendance center at the expense of the school district.

Inter-Parish students who ride the public school buses are to remain on their regular bus in the morning until it arrives at the JR/SR High School. They will then transfer to the designated bus, which will shuttle them to the Lutheran school. Then in the afternoon, the students will transfer at the high school center.

Transportation of students who require special education services will generally be provided as for other students, when appropriate. Specialized transportation of a student to and from a special education instructional service is a function of that service and

is specified in the individualized education program (IEP) or the individualized family service plan (IFSP). When the IEP or IFSP team determines that unique transportation arrangements are required and the arrangements are specified in the IEP or IFSP, the school district will provide one or more of the following transportation arrangements for instructional services and the AEA for support services:

- Transportation from the student's residence to the location of the special education and back to the student's residence, or child care placement for students below the age of six.
- Special assistance or adaptations in getting the student to and from and on and off the vehicle, en route to and from the special education.
- Reimbursement of the actual costs of transportation when by mutual agreement the parents provide transportation for the student to and from the special education.

The school district is not required to provide reimbursement to parents who elect to provide transportation in lieu of agency-provided transportation.

A student may be required, at the Williamsburg CSD board's discretion, to meet a school vehicle without reimbursement up to three-fourths of a mile. The board may require the parent to transport their children up to two miles to connect with school bus vehicles at the expense of the school district when conditions deem it advisable. It is within the discretion of the board to determine such conditions. Parents of students who live where transportation by bus is impracticable or unavailable may be required to furnish transportation to and from the designated attendance center at the expense of the school district. Parents, who transport their children at the expense of the school district, are reimbursed at the rate per mile set by the state.

School to School transfers - In the mornings, after being picked up at the Elementary or High School, the Inter-Parish students will transfer to a bus to LIS. In the afternoon, the Inter-Parish students will ride from the Lutheran school to the High School where they will transfer to their normal route bus.

In-town Dropoffs – For students that live East of HWY 149, we offer pickup/drop off points on the SouthEast corner of the 1854 First Park. If a student lives near the Presbyterian Church, we will pickup/drop off in the alley behind the Church. For students

BUS TRANSPORTATION

that live West of HWY 149, we will pickup/dropoff at the South side of the Lutheran School and at the Hampton Circle/North Street intersections. Students will be picked up and dropped off at West End pond. All bus stops are designed to allow younger siblings to be escorted home.

Buses are equipped with two-way radios and in the event that a parent needs to get a message to a bus driver during the route, he/she can call the Transportation Director at 668-1555 and the message will be relayed.

At registration, all rural families need to see the Transportation Director to pick up a bus schedule stating the approximate time of pick-up, the bus driver's name, and the bus number. It is critical that any new rural families in the District get in touch immediately with school officials to ensure they are included on the bus route.

Bus Pass Requirement

Many of our buses are at capacity on most school days. Due to limited space, we need your assistance to help us plan for necessary transportation of students. If it is necessary for a student to ride a bus other than the one they are assigned or doesn't ride a bus, the student must provide a written note to the school office from the parent/guardian. The request must be received at the school office at least one day in advance. This will allow the school office to discuss with the Director of Transportation who may make adjustments to accommodate the request or will inform you in a timely manner when we are unable to accommodate the request.

Bus Rules/Behavior Expectations

Bus rules apply to all regular bus routes, shuttle bus trips, and field trips. Any student behavior which worries or distracts the driver is objectionable and may endanger the lives of the riders. Besides the safety factor, transportation equipment is expensive and students are expected to cooperate in its maintenance and preservation. In order to operate a safe, orderly, efficient, and economical transportation system, it is absolutely necessary that all passengers observe the following rules:

1. Do not distract the driver as a result of misbehavior.
2. Report problems or concerns immediately to the bus driver.
3. Remain seated with hands, head, and legs out of the aisle and inside the bus at all times.
4. Be courteous to the driver and other riders.
5. Do not use profanity.
6. Do not use harassing or bullying behavior; Violence is prohibited.
7. Do not use loud, obnoxious tone.
8. Do not eat or drink on the bus; Keep the bus clean.
9. Do not vandalize, damage, or destruct the bus in any way.
10. Smoking and controlled substances are prohibited from school vehicles.
11. Weapons, tools, and other potentially dangerous instruments are prohibited from school vehicles.
12. Do not destroy, take, or tamper with the possession of other riders.

Seatbelts on School Buses

Iowa Code requires that all new school buses purchased by schools in our state be equipped with seatbelts. Williamsburg Schools now has school buses in our fleet that are outfitted with two seatbelts per seat. If your child is riding a school bus that is equipped with seatbelts, they are expected to use the seatbelt. Refusal to wear a seatbelt on equipped buses will be treated as any other insubordination violation.

Misbehavior on Bus

Students who misbehave will be handled at the discretion of the Transportation Director and/or Principal. The action taken will depend on the circumstances including the severity of the issue, frequency of past issues, and overall safety of the driver and riders. Penalties may include removal from the bus from 1 to 10 days or permanently through a formal hearing. Serious misbehavior may result in suspension or expulsion from school.

Busing Notification

Depending on weather and/or gravel conditions, the district may decide to run routes on hard surface roads.

Information concerning Emergency Route Notifications can be found on KCRG TV (Channel 9), via the School Messenger System, and postings on the WCSD District Website (www.williamsburg.k12.ia.us).

Bus Pickup/Dropoff Safety

Anytime a vehicle passes a stopped bus with flashing lights and the extended stop sign, the issue will be turned over to law enforcement.

HEALTH INFORMATION & IMMUNIZATION REQUIREMENTS

HEALTH PROGRAMS

The School District employs two full time nurses to serve the School District. There will be a school nurse present in each of the buildings. The nurses identify those students who have special healthcare needs, give temporary medical aid, and make referrals for treatment. The nurses are responsible for conducting school-wide health examinations (vision, hearing, immunizations, etc.). The nurses are also responsible for helping teachers recognize and report health problems of students and maintain accurate records of students' health. Students with any type of health concerns are encouraged to visit the school nurse. Individual student information is confidential.

Communicable diseases spread easily in the school environment because of the closer prolonged contacts with a large number of students. If a student develops a communicable disease, please contact the school nurse so the nurses and teachers can be alert for other cases.

Head lice seem to show up each fall with the start of the school year. Please check your child's head weekly during the school year and report to your child's school nurse if your child is being treated for head lice.

Growth and Development presentation is provided for the 4th grade class. Towards the end of the school year, the school nurse and the guidance counselor meet with the boys and girls separately. A letter will go home with the student to notify parents of the upcoming presentation.

HEALTH E-REGISTRATION

Each fall parents are required to complete the health section of online registration. This portion of online registration contains pertinent information necessary in providing a student with the best possible care should s/he become ill or injured during the school day. If the health component of online registration is not completed the registration will be rejected and you will be notified that the registration was not completed because of missing information.

School personnel must be aware of health problems that manifest at school. Included among those are: allergies, asthma, visual or hearing limitations, diabetes, seizures and medications routinely taken by your student. Students spend several hours a day at school. Therefore, we must be fully informed of health problems to meet the need of the whole student.

Since the school is not in a position to routinely care for the ill child the entire day, it is imperative that we have current home, cell, and work numbers of parents/guardians. In the event the parent cannot be reached, the number of an individual who could be contacted should be listed. Relatives or neighbors are possible choices. Parents can update their contact information through Infinite Campus or contact the building secretaries.

If a student becomes ill/injured at school the parent or person "authorized" by you in Infinite Campus will be contacted by phone and informed of the situation and ask for directives. No student will be sent home during school hours without the knowledge of a parent or "authorized" person.

MEDICATION POLICY

Whenever possible and appropriate, families and physicians are encouraged to schedule medications to be given at home under parental supervision. If it is necessary for a student to take the medication during school hours, written authorization and instruction as listed on the Authorization and Permission for Administration of Medication Form must be completed before school personnel can administer the medication. Forms are available at each school building from the nurse, building secretary or found on the school website under Parent Resources. To ensure the safety of all children, we request a parent or another responsible adult deliver all medications to the school. Please contact your child's school nurse if other arrangements need to be made.

As per school policy, the medication is kept in a locked location, administered at the designated time by qualified school personnel and recorded. Medications not in the original container will not be administered. Natural remedies and supplements not approved by the Federal Drug Administration (FDA), including essential oils and CBD, will not be administered at school.

Prescription drugs are to not be brought to school in the original

container provided by and labeled by the dispensing pharmacist with prescription label intact, with the name of the student, name and strength of drug, amount and time to be given, date ordered (must be current) and name of doctor. The pharmacist will put the medication in one container for home and one for school, if requested.

Over-the-counter drugs are to be brought to the school in the original container, with label and direction intact. The student's name must be on the container.

Inhalers are the only medication students are allowed to carry with them. The law, Iowa Code 280.16, contains specific conditions for the student to carry inhalers/medication for airway constriction at school. Parents need to complete the Authorization for Administration of Medication Form including the student will carry the inhaler with him/her through the school year. The School District and its employees are to incur no liability, except for gross negligence, as a result of any injury arising from self-administration of medication by the student. This form shall be kept on file in the office of the school nurse and renewed yearly.

If you have any questions or concerns about medication at school, please contact your school nurse or principal.

IOWA CODE IMMUNIZATION REQUIREMENTS

The State of Iowa requires students enrolled in school to have the following minimum immunizations. A record of these immunizations must be on file at the enrolled school for the student to attend.

HEALTH SCREENINGS BY NURSING SERVICES

Grant Wood Area Education Agency (GWAEA) screens all students in Alternative Kindergarten (AK), kindergarten, and grades 1, 2, and 5. Students in the Early Learning Program with IEP's will be screened. Students in grades 3, 4, middle, and high school, who are new to the school, that don't have a documented hearing test, and some students with a history of known hearing loss will also be tested. Follow up testing may occur periodically if previous hearing test results were not within normal limits. Parents/guardians not wishing their child's hearing tested should notify the health office in writing at the beginning of the year. Parents/guardians with concerns about their child's hearing may contact their school nurse or Grant Wood Area Education Agency to schedule a hearing test at any time, (319) 399-6700.

ADDITIONAL REQUIREMENTS

Kindergarten students require a lead level screening and dental screening. A vision exam is highly recommended. Your health care providers are aware of these requirements and have the required forms to document the exam results. Any questions should be directed to your health care providers or one of the district's nurses. All completed forms can be brought to registration in the folder provided at Kindergarten Roundup.

The incoming **Freshmen** students require a dental screening prior to entering High School. These forms are available at your dental care provider's office or at the high school and can be turned into the office staff through the summer, at registration, or at the beginning of the school year to Nurse Kelli. Any questions should be directed to Nurse Kelli.

VISION SCREENING

Legislation was passed by the State of Iowa, effective the 2015-2016 school year, regarding all children entering Kindergarten and Third grade to have a vision screening. The purpose of their vision screening is to improve the eye health and vision of Iowa's children. (Iowa Code 642, Chapter 52)

A screening will be accepted if done up to one year prior to starting Kindergarten and Third grade and no later than 6 months after the first day of school. Please see the Vision Screening form for acceptable vision screen providers. Vision screening forms can be turned in at registration, brought into Mary Welsh school office or sent to school with your student to give to the school nurse.

LIFE THREATENING ALLERGIES

If your student has been diagnosed with a life-threatening allergy, please report this information to the school nurse. The school nurse is responsible for the coordination of care, the education of the staff and the facilitation of information to all appropriate departments (ie: cafeteria, transportation). All student and classrooms are treated with individual considerations. An Emergency Plan will be initiated by the school nurse. Please contact Nurse Deb or Nurse Kelli with your student's life-threatening allergy information.

SMOKING, ALCOHOL, AND DRUGS

BP - 502.7

Students of the WCSD are prohibited from using, possessing, or being under the influence of beer or alcohol, other controlled substances, or "look alike" substances that appear to be tobacco, beer, alcohol or controlled substances. Such items are not to be possessed anywhere at school district facilities or at school-sponsored, school-approved, or school-related activities. Possession of such items will be grounds for disciplinary action including suspension or expulsion and will be reported to local law enforcement authorities.

SEARCH AND SEIZURE

BP - 502.8

Williamsburg Community School District property is held in public trust by the board. School district authorities may, without a search warrant, search a student, student lockers, desks, work areas or student vehicles based on a reasonable suspicion that a board policy, school rule or law has been broken. The search shall be in a manner reasonable in scope to maintain order and discipline in the schools, promote the educational environment, and protect the safety and welfare of students, employees and visitors to the school district facilities.

School authorities may seize any illegal, unauthorized or contraband materials discovered in the search. Items of contraband may include, but are not limited to nonprescription controlled substances, marijuana, cocaine, amphetamines, barbiturates, apparatus used for controlled substances, alcoholic beverages, tobacco, dangerous weapons, firearms, explosives, poisons and stolen property. Possession of such items will be grounds for disciplinary action including suspension or expulsion and may be reported to local law enforcement authorities.

The board believes that such illegal, unauthorized or contraband materials cause material and substantial disruption to the school environment or present a threat to the health and safety of students, employees, or visitors on the school district premises or property within the jurisdiction of the school district.

Williamsburg Community District has the right to conduct a random K-9 Unit search of building and grounds, school lockers and parking lots for contraband materials if it is determined to be in the best interest of student welfare.

STUDENT ABSENCES - EXCUSED

501.9-501.10

Attendance is the responsibility of the student and his/her parents. Parents should make every effort to notify the school well in advance of anticipated absences. When absences are caused by illness or emergency the parents should phone the school between 7:30 a.m. and 8:15 a.m. Please refer to the WHS website for updated policy. For other absences as listed below the school requests at least one day's advance notification. In the event that a student is absent from school for excused reasons, s/he will be allowed to make up work missed for full credit. However, make-up work does not provide a student with the full educational value of actually being present in the class. The length of time to make up work will be based upon the number of days absent, plus one (if a student misses three consecutive days of school s/he would be granted four school days to complete the missed work). However, students who have been made aware of pre-announced assignments or tests will be expected to do this work immediately upon their return to school.

EXCUSED ABSENCES DEFINED (BP 501.9 R1)

The school recognizes the following categories of absences:

1. Documented Absences: Absences that are approved by other than parental request.
2. Parental/Guardian Notification: Absences that are requested by the parent within the attendance guidelines.

DOCUMENTED ABSENCES: A student can have up to 3 verified absences per term class or 5 verified absences per semester class (per period). After reaching the limit for verified absences, a meeting will be held with the principal, student and parent(s)/guardian(s) to discuss possible solutions to these absences.

- Medical including hospital stays, doctor's appointments, physician excuse, dental appointments and counseling appointments- all require a signed and dated excuse from the practitioner within 24 hours of visit.
- Court appearances- require a signed and dated excuse on office letterhead or card within 24 hours of visit
- Participation in school sponsored events-must be pre-excused and student must be passing all classes
- College visits-approved through the college and guidance counselor, must be pre-excused and within the college visit guidelines
- Other health issues-verification by the school nurse through a home visit or an assessment of health at school

The administration reserves the right to consider special situations on a case-by-case basis.

PARENTAL/GUARDIAN NOTIFICATION: A student can have up to three absences per term class or five absences per semester, per period, from school with permission by parent(s)/guardian(s) and the school. All absences must be reported to school officials by a parental phone call or note stating the reason for the absence within 24 hours.

- A. Pre-excused absences - notice to teachers prior to the day of absence with homework turned in and/or assessments completed.

Funerals for non-family members

WORK in the family business- five days maximum per school year

Driver's license - maximum ½ day

Family vacation

State contests in which another WHS student is competing.

Educational trip - with approval from building principal or designee

- B. Family Vacations- 3 or more consecutive school days- The administration and school board realize how important the time spent with family is for students. Whenever possible, family vacations should be scheduled in accordance with school vacations. Class time and learning experiences lost for whatever reason have a direct and negative effect on the student's education. In the event a vacation cannot be scheduled within school vacation time, a student will be allowed to be excused for one family vacation of three or more consecutive school days with their parents/guardian. This vacation will be exempt from the policy as long as the student has made up all homework, tests and quizzes for each course per the pre-excused guidelines. Any coursework not completed will be subject to the student spending time after school when the student returns.

Procedure for pre-excused absences:

- Obtain a note from a parent/guardian to be given to the attendance secretary explaining the reason for the absence.
- The attendance secretary will give the student a pre-excused stamp in his or her handbook.
- The student is responsible to obtain, complete and turn in all assignments to his or her instructors prior to the absence.
- Failure to obtain a pre-excused stamp or complete assignments can result in loss of credit or reduced credit on assignments and/or assessments.

DISTRICT NOTIFICATIONS AND PUBLICATIONS...CONTINUED

- Is not allowed to attend or participate in practices, sporting events, concerts, organizational meetings, or any other school activity other than class until detention time is completely made up.
- Who fails to show up on consecutive days will be subject to doubled detention time.

Parents/guardians will be notified when a student has reached the five days of excused absences. Absences which have prior approval of the administration may be considered excused on a case-by-case basis. WEAPONS

BP - 502.6

The Board believes weapons, other dangerous objects and look-a-likes in School District facilities cause material and substantial disruption to the school environment or present a threat to the health and safety of students, employees and visitors on the School District premises or property within the jurisdiction of the School District.

School District facilities are not an appropriate place for weapons, dangerous objects and look-a-likes. Weapons and other dangerous objects and look-a-likes will be taken from students and others who bring them onto the School District property or onto property within the jurisdiction of the School District or from students who are within the control of the School District.

Parents of students found to possess weapons, dangerous objects or look-a-likes on school property are notified of the incident. Possession or confiscation of weapons or dangerous objects will be reported to law enforcement officials, and students will be subject to disciplinary action including suspension or expulsion.

Students bringing firearms to school or knowingly possessing firearms at school will be expelled for not less than one year. The Superintendent has the authority to recommend this expulsion requirement be modified for students on a case-by-case basis. BP 102-R1

It is the policy of the Williamsburg Community School District not to discriminate on the basis of race, color, national origin, sex, disability, religion, creed, age (for employment), marital status (for programs), sexual orientation, gender identity and socioeconomic status (for programs) in its educational programs and its employment practices. Students, parents of students, employees, and applicants for employment in the school district have the right to file a formal complaint alleging discrimination. The district has policies and procedures in place to identify and investigate complaints alleging discrimination. If appropriate, the district will take steps to prevent the recurrence of discrimination and to correct its discriminatory effects on the Complainant and others.

A Complainant may attempt to resolve the problem informally by discussing the matter with a building principal or a direct supervisor. However, the Complainant has the right to end the informal process at any time and pursue the formal grievance procedures outlined below. Use of the informal or formal grievance procedures is not a prerequisite to the pursuit of other remedies. Please note that informal processes and procedures are not to be used in certain circumstances (e.g. sexual harassment and sexual assault).

Filing a Complaint

A Complainant who wishes to avail himself/herself of this grievance procedure may do so by filing a complaint with any building Administrator. An alternate will be designated in the event it is claimed that the building Administrator or Superintendent committed the alleged discrimination or some other conflict of interest exists. Complaints shall be filed within 30 days of the event giving rise to the complaint or from the date the Complainant could reasonably become aware of such occurrence. The Complainant will state the nature of the complaint and the remedy requested. The Building Administrator shall assist the Complainant as needed.

Investigation

Within 15 working days, the building administrator will begin the investigation of the complaint or appoint a qualified person to undertake the investigation. If the Complainant is under 18 years of age, the administrator shall notify his or her parent(s)/guardian(s) that they may attend investigatory meetings in which the Complainant is involved. The complainant and identity of the Complainant, Respondent, or witnesses will only be disclosed as reasonably necessary in connection with the investigation or as required by law or policy. The investigation may include, but is not limited to the following:

- A request for the Complainant to provide a written statement regarding the nature of the complaint;
- A request for the individual named in the complaint to provide a written statement;
- Interviews of the Complainant, Respondent, or witnesses;
- An opportunity to present witnesses or other relevant information; and
- Review and collection of documentation or information deemed relevant to the investigation.

Within 15 working days, the building administrator shall complete the investigation and issue a report with respect to the findings.

The building administrator shall notify the Complainant and the Respondent of the decision within 5 working days of completing the written report. Notification shall be by the U.S. mail, first class.

Decision and Appeal

The complaint is closed after the building administrator has issued the report, unless within 10 working days after receiving the decision, either party appeals the decision to the Superintendent by making a written request detailing why he/she believes the decision should be reconsidered. The administrator shall promptly forward all materials relative to the complaint and appeal to the Superintendent. Within 15 working days, the Superintendent shall affirm, reverse, amend the decision, or direct the administrator to gather additional information. The Superintendent shall notify the Complainant, Respondent, and the administrator of the decision within 5 working days of the decision. Notification shall be by U.S. mail, first class.

The decision of the Superintendent shall be final.

The decision of the Superintendent in no way prejudices a party from seeking redress through state or federal agencies provided by law.

This policy and procedures are to be used for complaints of discrimination, in lieu of any other general complaint policies or procedures that may be available.

If any of the stated timeframes cannot be met by the district, the district will notify the parties and pursue completion as promptly as possible.

Retaliation against any person, because the person has filed a complaint or assisted or participated in an investigation, is prohibited. Persons found to have engaged in retaliation shall be subject to discipline by appropriate measures.

ANNUAL NOTIFICATION AS REQUIRED BY AHERA

The Asbestos Hazard Emergency Response Act of 1986, or AHERA, was enacted by Congress to determine the extent of, and develop solutions for any problems schools may have with asbestos. Asbestos is a naturally occurring mineral that has been used as a building material for many years. Its properties made it an ideal building material for insulating, sound absorption, fireproofing, and other miscellaneous uses. There have been over 3,000 different products made with asbestos materials. But the Environmental Protection Agency began action to limit uses of asbestos products in 1973. Most uses of asbestos in building materials were banned in 1978.

The Williamsburg District has had all facilities inspected by a certified asbestos inspector, as required by AHERA. During this inspection all materials suspected of containing asbestos were located, sampled, and rated as to the condition and hazard potential. The inspection report and laboratory analysis records were given to a certified firm to develop management plans for our facilities. A reinspection is conducted every three years. The last reinspection was conducted in May, 2010.

This notification and methods of educating and training the district's employees, together with a set of procedures designed to minimize the disturbance of the asbestos-containing materials are all a part of the school's attempt to meet government regulations.

A copy of the asbestos management plan is available for your examination in the offices of the Superintendent and Building Principals Monday through Friday between 8:00 a.m. and 4 p.m. Questions regarding the plan should be directed to: Superintendent, Asbestos Program Manager, Williamsburg Community School District, Williamsburg, IA 52361 or 319-668-1059.

The school district pays only for courses which are not offered by the high school and which are offered during the regular school year by the community college, private college, or state university. The school district does not pay for the costs of summer school classes. However, summer school classes are eligible for credit.

Students who fail the course or fail to receive credit in the course paid for by the school district must reimburse the school district for all costs directly related to the course. Prior to enrolling in a course, students age 18 or over or the parents

Some students might encounter information that may not be of educational value.

Students will be able to access the network, including use of the Internet, through their teachers. Individual student accounts and electronic mail addresses on the Internet will be issued to students.

Employees and students will be instructed on the appropriate use of the Internet. Parents will be required to sign a permission form to allow their students to access the Internet. COMPETENT PRIVATE INSTRUCTION BP - 604.1

Competent Private Instruction is private instruction provided to a child in Iowa. "Private Instruction" means instruction using a plan and course of study in a setting other than a public school district or accredited nonpublic school. Parents or guardians interested in Competent Private Instruction as an option for their children may contact the Superintendent's office for more information. A form must be completed, for each child enrolled in the program, and returned to the district's central office by the first day of school. This form must be completed for each child of compulsory attendance age.

DUAL ENROLLMENT

Dual enrollment is another enrollment option provided to students and parents under Iowa law. Dual enrollment is enrollment with a public school district of a child who is receiving competent private instruction. A child under dual enrollment may participate in selected academic programs or extracurricular activities on the same basis as any regularly enrolled student. A child may dual enroll only in his or her district of residence. The resident district must be notified by the parent or guardian no later than September 15th or within 14 calendar days after moving to the district, or within 14 calendar days after removing the child from school. Parents or guardians interested in dual enrollment as an option may contact the Superintendent's office for more information.

HOMELESS CHILDREN AND YOUTH BP - 501.16

The Williamsburg Board of Education will make reasonable efforts to identify homeless children and youth of school age within the District, encourage their enrollment and eliminate existing barriers to their receiving an education. The state defines homeless as a child between the ages of 5 and 21 who lacks a fixed, regular, and adequate nighttime residence; a child living in a shelter facility; and/or a child who is living with non-nuclear family members or with friends. Please contact any building administrator or the District's designated Homeless Coordinator, Erica Wilkenson, High School At-Risk Coordinator, for assistance.

STUDENT RECORDS POLICY

BP - 506.1

WCSD collects and maintains records on each student in order to facilitate the instruction, guidance, and additional progress of the student. The records contain information about the student and his/her education and may include, but are not limited to, the following types of records: identifying data, academic work completed, level of achievement, intelligence, aptitude and psychological tests, interest inventory ratings and observations, and verified reports of serious or recurrent behavior patterns.

Records for junior/senior high school students are located in the high school office. Any exceptions will be noted in the student's other records or by Deb Von Ahsen, WCSD Record Technician, or by Lynell O'Connor, WJ/SHS Principal.

The following persons, agencies and organizations may have restricted access to student records without prior written consent of the parent or student over the age of 18 years. Any other access to student records shall be only upon written consent or upon court order or legally issued subpoena.

1. School personnel with legitimate educational interest.
2. Officials of other schools in which the student proposes to enroll.
3. Representatives of state and local government when auditing/evaluating Federal and State funded educational programs.
4. Organizations which process/evaluate standardized tests.
5. In connection with student's educational financial aid applications.
6. Accrediting organizations for school accreditation purposes.
7. Parents of dependent children, regardless of the child's age.
8. In connection with an emergency.

Student records are reviewed and inappropriate materials removed periodically, but at a minimum when a student moves from elementary to junior high school and when the student transfers out of the district. Those records not of permanent importance are destroyed within five years of graduation or discontinued attendance.

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. They are:

- (1) The right to inspect and review the student's education records within 45 days of the day the district receives a request for access. Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
- (2) The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate or misleading or in violation of the student's privacy rights. Parents or eligible students may ask the school district to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the district decides not to amend the record as requested by the parent or eligible student, the district will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
- (3) The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the district has contracted to perform a special task (such as an attorney, auditor, AEA employees, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee or student assistance team, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the district discloses education records without consent to officials of another school district in which a student seeks or intends to enroll. (Note: FERPA requires a school district to make a reasonable attempt to notify the parent or eligible student of the records request unless it states in its annual notification that it intends to forward records on request.)
- (4) The right to inform the school district that the parent does not want directory information, as defined below, to be released. Directory information can be released without prior parental consent. The school district will not market or sell directory information without prior consent of the parent." Any student over the age of eighteen or parent

POST-SECONDARY ENROLLMENT OPTIONS

BP 604.6

Students in grades 9 through 12 may receive class or vocational-technical credits that count toward graduation requirements for successfully completed courses at community colleges, private colleges, or state universities.

The school district may pay up to \$250 of the cost of a course taken by 9th and 10th grade talented and gifted students and 11th and 12th grade students. The school district pays only for courses which are not offered by the high school and which are offered during the regular school year by the community college, private college, or state university. The school district does not pay for the costs of summer school classes. However, summer school classes are eligible for credit.

Students who fail the course or fail to receive credit in the course paid for by the school district must reimburse the school district for all costs directly related to the course. Prior to enrolling in a course, students age 18 or over or the parents of students under age 18 shall sign a form indicating they are responsible for the costs of the course should the student fail the course or fail to receive credit for the course. The school district may waive the cost of the course for students who fail the course for reasons beyond their control, including, but not limited to, the student's incapacity, death in the family, or a move to another school district.

Students interested in participating in this program should contact the building principal. Students are required to walk to the Kirkwood Center in Williamsburg or be granted permission to drive by administration. WCSD is not liable for injuries.

TECHNOLOGY 1:1 PROGRAM

TECHNOLOGY

BP - 605.6

WJ/SHS building is committed to providing electronic media for all students, including computer networking and Internet technology. Students are expected to comply with district policy as well as state and federal regulations regarding the operation and use of school district computers and computer network systems. The number of available terminals and the demands for each terminal may limit the amount of time available for each student. The use of the network is a privilege and may be taken away for violation of Board policy or regulations.

The WCSD does not condone the submission of, publishing of, or displayed use of defamatory material. Furthermore, the WCSD does not condone unauthorized copying of any software which is licensed or protected by copyright; computer hacking (unwanted or unsolicited entry into a computer); unauthorized access, willful damage or misuse of systems, applications, databases, code or data; and/or the intentional introduction of a computer virus into a computer or computer network.

Employees and students will be instructed on the appropriate use of the computer network and Internet. Parents will be required to sign a permission form to allow their students to access the computer network and Internet. Students will sign a form acknowledging they have read and understand the Network Appropriate Use policy and regulations, that they will comply with the policy and regulations and understand the consequences for violation of the policy or regulations.

Any use of electronic devices to gain unfair academic advantage on tests and homework will be considered cheating and will be dealt with according to each individual instructor's classroom rules.

MEAL CHARGES

BP - 710.4

In accordance with state and federal law, the Williamsburg School District adopts the following policy to ensure the school district employees, families, and students have a shared understanding of expectations regarding meal charges. The policy seeks to allow students to receive the nutrition they need to stay focused during the school day, to prevent the overt identification of students with insufficient funds to pay for school meals, and maintain the integrity of the nonprofit school nutrition program.

Payment of Meals: Students have use of a meal account. When the balance reaches \$0.00 a student may charge no more than two meals per student to this account. When an account reaches this limit, a student shall not be allowed to charge further meals until negative balance is paid. Ala Carte purchases will not be allowed with a negative balance. No students will be allowed to charge during the last two weeks of school in May. Families may add money to student accounts through on line payment system or through the school office.

Students who qualify for free meals shall never be denied a reimbursable meal, even if they have accrued a negative balance from previous purchases. Students with outstanding meal charge debt shall be allowed to purchase a meal if the student pays for the meal when it is received. The school district may provide an alternate meal that meets federal and state requirements to students who have charged the maximum allowance to the student account and cannot pay out of pocket for a meal.

Employees may use a charge account for meals, but may charge no more than \$2.00 to this account. When an account reaches this limit, an employee shall not be allowed to charge further meals or ala carte items until the negative account balance is paid.

Negative Account Balances:

The school district will make reasonable efforts to notify families when meal account balances are low. Additionally, the school district will make reasonable efforts to collect unpaid meal charges classified as delinquent debt. The school district will coordinate communications with families to resolve the matter of unpaid charges. Families will be notified of an outstanding negative balance by email, low balance slip or phone calls. Negative balances at the end of the school year will be turned over to the superintendent or superintendent's designee for collection. Options may include: collection agencies, small claims court, or any other legal method permitted by law.

Permission to Treat for Therapy or Related Services and Informed Consent

Hello Raider families! I am excited to be rejoining the team this year as the school's licensed mental health counselor. During the school year, things can arise in which your child may want or need to speak to someone. This form is to describe my role, and to request your permission to speak with your child in the event that something arises where they may need additional support.

By signing this form it does not guarantee that I will provide services to your child; however it does allow for me to make initial contact with them to allow for additional support if and when needed in addition to ongoing therapeutic support if and when needed.

Similarly, we won't provide care or counseling to your child without you knowing about it. Your consent today helps us move forward more efficiently if your child is ever recommended for additional support.

The following is a brief explanation about my position regarding school-based therapy. In order for therapy to work best, it is very important that your child is able to share things with me in a confidential manner. I recognize that as a parent, you may want to know what your child is discussing and working on. I am happy to provide general updates and information as well as their treatment plan. There may be times that your child and/or I request that you be a part of sessions.

There will also be times where I may not share information out of respect for the needs of the child and to uphold confidentiality. Please be aware, however, that if at any point there is a safety concern, or a concern that the child is a danger to themselves or others, confidentiality will be breached, and this information will be shared with the necessary adults such as parents/guardians, school staff, or other pertinent authorities.

My role as a school-based therapist is to counsel students individually or in groups through various evidenced based therapeutic interventions, depending on the needs, to promote optimal mental health without judgment. My role is to advocate for the mental health needs of all students, parents, families, and school staff and to provide guidance and support in various life challenges that may arise. As a school employee, we desire to have positive relationships with all those that support our students. We remain neutral in custody and visitation matters and will not make recommendations or appear in court to support one party at the expense of the other in any way.

I am excited for this opportunity to work with you, your child, and the school. Please feel free to contact me with any questions or concerns.
